RENDERING

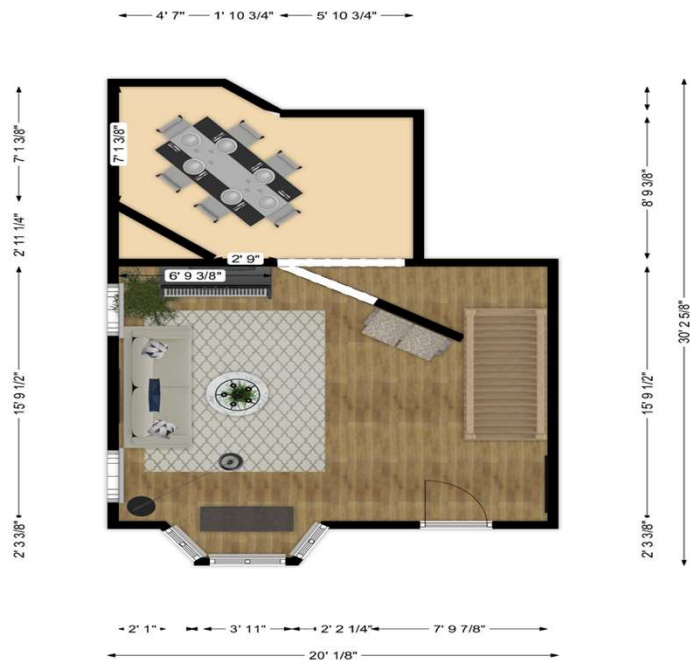

During our very first meeting, she pointed out 4–5 quick ideas that had never crossed our minds. Her insights showed us how the same house could feel completely new with minimal changes.

MEHTA HOUSE

DESIGN PRINCIPALS

Keeping Vastu shastra in mind as per client requirement, a fusion of Indian tradition and contemporary finishing was achieved with minimalistic design theme. Balance ensures visual stability, while proportion and scale maintain coherence among furnishings. Rhythm introduces flow through repetition and contrast, and emphasis draws attention to focal points like artwork or architectural features. Harmony and unity tie elements together for a cohesive look, and details—from textures to trims—add refinement.

“ We engaged Neha for our interior design work, and she did an excellent job! She transformed everything lighting, draperies, furniture, and aesthetics giving our space a modern look with a cozy feel. Neha presented everything in 3D drawings with exact measurements, which greatly helped us in making decisions. I am glad I hired such an experienced interior designer and would definitely recommend her.

Neha came through a referral where she transformed one of my friend's house. She has rich experience in materials, finishing, layout and vision for truly remarkable interiors. She presented many ideas for roof, floor, walls and furniture. She was flexible and adaptive as per our choices and she also obliged many changes due to Vastu. I would highly recommend her for any and every interior design services.

I had online consultation with Neha Bansu from Decor Design Services. It was a surprisingly smooth and productive experience. Despite not meeting in person, the designer was able to understand my vision clearly through video calls and shared themes. She provided expert suggestions on space planning, color combinations, and even recommended some great budget-friendly decor options. Neha was able to suggest theme options with color combinations to make a perfect setup for my bathroom.

Bathroom Remodel

Client Name – Undisclosed
Project Year – 2021
Location – Plainsboro, NJ

In the bathroom design, warm tones were used to complement the overall ambiance of the house. An illusion of spaciousness was created by using the same material on both the ceiling and the walls

Neha helped us with our kitchen renovation and flooring. She is an extremely talented person who has a great eye for colors, design all while keeping the budget in check. She really took the time to understand our style and helped us implement our vision. We are so so happy with Neha and would highly recommend her without any reservations to anyone who wants a trustworthy team with impeccable taste and positive attitude who will work with you to create the perfect home.

Location – South Plainsfield, NJ
Area - ~500 SQFT

Neha helped me with renovating my first floor (kitchen) and I am impressed with her knowledge and ideas. She is very enthusiastic, prompt and committed and goes the extra mile to ensure her vision is delivered by staying actively engaged on the project from design to completion. She's very flexible and patient accommodating my ideas at all stages. I highly recommend her !

The Devil is in details...

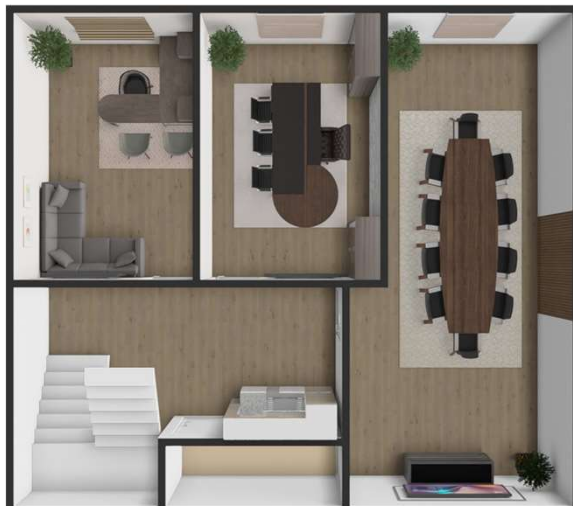

A lot goes through design process once we take your requirement, choices, themes, Vastu considerations, measurements, aesthetics and usability. Using various software we try to present the future rendering, color themes, perspectives, and layout for your dream spaces.

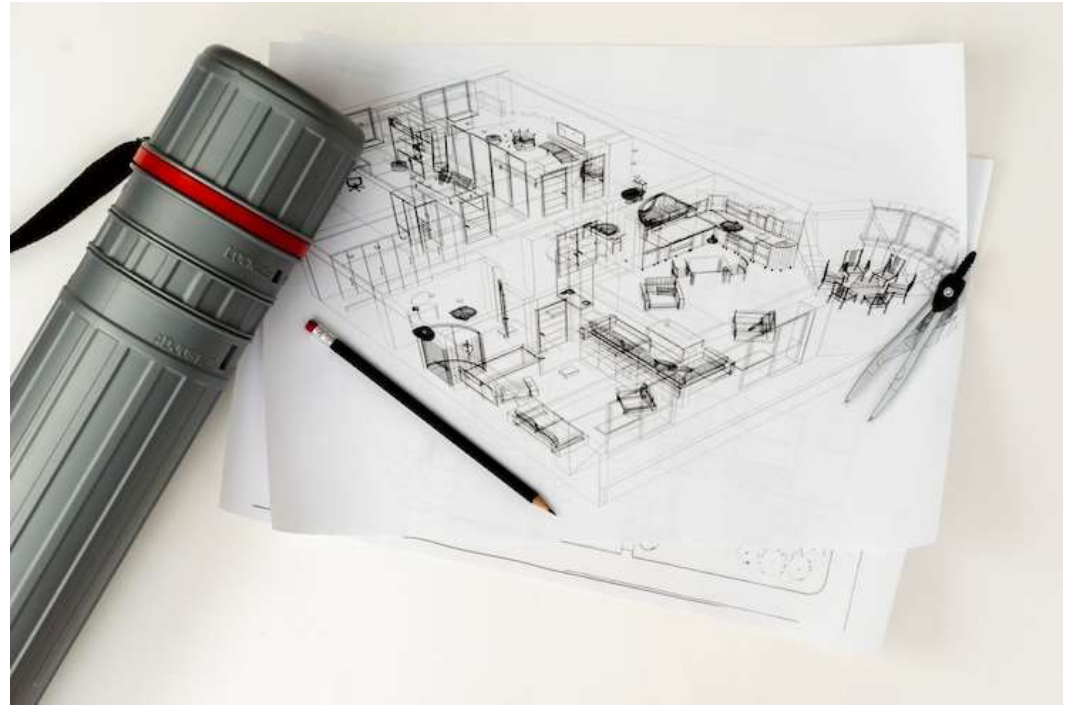

TYPICAL FLOOR PLAN
THREE BED ROOM WITH THREE TOILETS
TOTAL COVERED AREA ■ 1665 SQFT

TYPICAL FLOOR PLAN
